

flexBox

Flexible lift-out storage organiser

flexBox makes organising drawers simple – next to recycling bins or used alone. flexBox organises stored items and stops them falling over. Thanks to the complete base construction the flexBox with it's contents can be easily lifted out of the cabinet.

flexBox

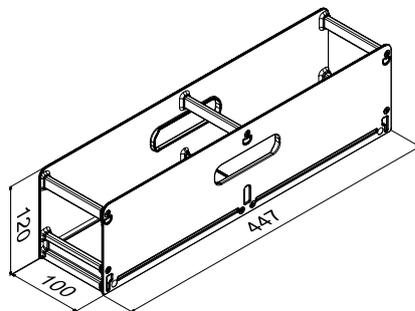

- Aluminium base and handle in stainless steel look
- Plastic side panels in dark grey
- Compatible with every drawer system
- Completely pre-assembled
- Stored items can be lifted out with flexBox

Options

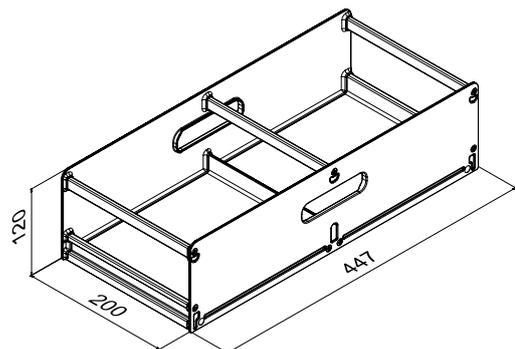

- Width: 100 mm, 200 mm

1. Usage in storage drawer

Dimensions (mm)

Part list for flexBox

Ref. No.	Description
