Lateral organisation element for pullouts

This smart accessory for deep drawers combines waste separation with a storage solution for various kitchen items or cleaning utensils. A simple but effective way to organise the space under sinks, or next to waste bins.

Organisation element

- Additional storage and organisation possibilities in pot-and pan drawers
- Can be used as an individual item or in combination with the ninka eins2vier waste bin system
- Organisation element compatible to metal-drawer systems
- Neat and tidy appeal
- Simple and tool-free installation
- Moulded in one piece from stain resistant and easy to clean plastic
- Available for a drawer-depth of 500 mm

Finishes

- Colours: Aluminium grey, Dark grey

1. One sideBox in a cabinet with 600 mm width
2. Two sideBoxes in a cabinet with 900 mm width
3. sideBox
